Dear Mr. Weisberg,

After our phone conversation today, I noticed this item in the Chicago Sun Times, and am forwarding it for your archive. Should any other info appear I'll forward it as well.

It is with a great sense of respect and gratitude that I commend and thank you for all of your noble efforts. You have, and obviously continue to do a great service to all Americans. As a relatively new father of two children, I thank you on their behalf since your initiatives and accomplishments re-affirm a defense of truth and justice without which our Children's world and that of all future generations would be a sad place to live in.

When you mentioned being 78, I recall my grandfather who, notwithstanding certain health problems, lived and was quite active in his many interests until age 96! - I can only wish you many more years to be spent doing the many things you still wish to achieve

I've enclosed a check to cover the costs of your various publications, and look forward to receiving them

Sincerely

Jim Stoynoff

P.S. I've just learned that Prof. Jerry Rose of State University College in Fredonia, NY is organizing a 2 or 3 day meeting of researchers and interested parties some time in late June '91
